Destinations	Description
Jurassic Coast Durdle Door	Designated a UNESCO World Heritage site and voted one of the Greatest Natural Wonders in Britain in 2005, this crumbling, fossil-rich coastline was created over 100 million years ago when massive earth movements pushed up and tilted ancient layers of rock, opening it up to erosion and thus exposing a glorious neopolitan-like trio of rock from the Triassic, Jurassic and Cretaceous periods. Durdle Door is one of the Jurassic Coast's most iconic landscapes. It is a natural arch, formed from a layer of hard limestone standing almost vertically out of the sea. After a walk surrounded by these beautiful landscapes and cliffs, you will discover the very singular Durdle Door. The students will be allowed some free time to have a walk on their own. We will then head to the very typical British village of Lulworth.
Winchester	Calm, collegiate Winchester is a mellow must-see. The past still echoes strongly around the flint-flecked walls of this ancient cathedral city. It was the capital of Saxon kings and a power base of bishops, and its statues and sights evoke two of England's mightiest myth makers: Alfred the Great and King Arthur (he of the round table). Winchester's architecture is exquisite, from the handsome Elizabethan and Regency buildings in the narrow streets to the wondrous cathedral at its core, while its river valley location means there are charming waterside trails to explore. We will discover all the historical buildings together during your guided tour. Between the cathedral, the medieval walls, the great hall, Wolvesey Castle, the history of Alfred the Great, King Arthur or Jane Austen, you will be charmed by the city of Winchester
Salisbury (incl. Cathedral visit)	Salisbury Cathedral and its surrounding Close attract some 500,000 visitors each year. Many come as tourists, to worship or to attend concerts, workshops and art installations. There is nearly 800 years of history to explore, including Britain's tallest spire, the best preserved of only four surviving 1215 Magna Carta documents and the world's oldest working mechanical clock.
Portsmouth	Portsmouth is a port city and naval base on England's south coast, mostly spread across Portsea Island. It's known for its maritime heritage and Portsmouth Historic Dockyard. The dockyard is home to the interactive National Museum of the Royal Navy, the wooden warship HMS Victory, where Nelson died in the Battle of Trafalgar, and HMS Warrior 1860. The Tudor ship Mary Rose is also conserved in a dockyard museum.
Stonehenge	Walk in the footsteps of your Neolithic ancestors at Stonehenge – one of the wonders of the world and the best-known prehistoric monument in Europe. Explore the ancient landscape on foot and step inside the Neolithic Houses to discover the tools and objects of everyday Neolithic life. Visit the world-class exhibition and visitor centre with 250 ancient objects and come face to face with a 5,500 years-old man.
Swanage or Old Harry Rocks* <small>*Optionally, by public transport (groups up to 22 pax) + 45 min walking distance from the bus stop to Old Harry Rocks</small>	Old Harry Rocks are a pair of chalk-made rocks close to Handfast Point about 2 miles north east of Swanage. Old Harry lies at the eastern edge of the Isle of Purbeck and is the start of the Jurassic Coast World Heritage Site. Together with Old Harry Rocks, Swanage is situated on the Isle of Purbeck in Dorset, Swanage is an ideal gateway town, perfect for enthusiasts of long walks who likes to contemplate the beautiful nature and landscapes.
Christchurch* <small>*by public transport, approx. 30 min</small>	The town originates from approximately 350 AD and the 'Church' was founded by missionaries sent to Wessex by St Birinus, the first Bishop of Dorchester on Thames and its close proximity to the Cherbourg Peninsula in France made it an important trading port and a potential target for invasion during a number of wars. Situated on a stretch of raised, and well drained, land at the lowest crossing points of the river Avon and the river Stour, it was originally known as 'Twynham' from Old English meaning 'between rivers'. After visiting the priory and hearing about the legend of the miraculous beam, you will understand why the church became Christ's Church of Twynham and then the city renamed to Christchurch.
