Stonehenge	<p>The visit includes a 30-minute walk and ample time to explore the site and visitor centre. Stonehenge is one of Britain's most iconic and mysterious prehistoric monuments. Built around 3100 B.C., it has stood for over 3,500 years. Its exact purpose remains unknown, but it's thought to have served as a ceremonial or astronomical site. There are many myths surrounding Stonehenge—some believe it was built by giants; others say the wizard Merlin magically transported the stones from Ireland. Theories also suggest it's an ancient calendar, aligned with the summer and winter solstices. Be sure to visit the exhibition and reconstructed Neolithic houses before we meet back at the coach. Don't miss your chance to walk around this legendary site! Entrance fee included</p>
Southampton	<p>Southampton is the largest city in the county of Hampshire, on the south coast of England. It has the busiest cruise terminal in the UK and was one of the departure points for D-Day. Rich in history, and in constant modernisation, Southampton is shared between the industrial part, with a large shopping centre and retail park, and its historical heart.</p> <p>Students will discover the terminal, see the SS Shieldhall, Holyrood Church and Tudor House in the old town, and the medieval walls. After our guided tour where we will pass the Titanic Memorial, the harbour and the Bargate, Students can spend their free time shopping in the mall. The visit also includes visiting the Sea City Museum to discover more about Southampton and the Titanic's story. Built within the grand Grade II*-listed Civic Centre, SeaCity Museum invites visitors to explore Southampton's deep-rooted maritime heritage through three engaging galleries. Opened in April 2012 to mark the Titanic's centenary, it blends historic architecture with bold modern design by Wilkinson Eyre. The Titanic Story is told compellingly through the exhibits and artefacts on display.</p> <p>Entrance fees included.</p>
